

Emanuel School

Mr Robert Milne, Headmaster

26 May 2021

Mr Neale
Beatrix Potter School
Magdalen Road
SW18 3ER

Dear Mr Neale,

I am writing to let you know of our adjustments to the timings of our entrance examinations for pupils wishing to join the school in September 2022.

Exam dates

We are adjusting our assessment process for 10+ and 11+ this year, in case of further issues caused by the pandemic. Our aim is that every applicant will sit the papers on site.

The 10+ examinations will take place on Saturday December 4th; and the 11+ examinations will take place on Friday December 3rd.

Assessment structure

As is routine, we will examine in maths, English, and verbal reasoning.

Interviews

We will be interviewing every candidate and we will continue to do this via a video call rather than in person. If we then have to adapt due to the pandemic, we will know that every applicant has been treated equally.

Scholarships

We will be in touch again before the end of term with further information about the way scholarships will run this year, which will be broadly that same as previous years.

Further information event for school heads and senior staff

We will be holding a twilight information event for school leaders in maths, English, and primary-secondary transition on Monday September 13th from 4pm to 5pm. This will be chance to learn more about how we structure our interviews and run our maths, and English assessments. It will help you inform your pupils and families. Further details on how to sign up will be circulated at the end of August.
