Ernest Bevin College

An inclusive community school for boys aged 11-18 in Tooting, SW London

- Tooting-based Ernest Bevin College provides an aspirational, multicultural education for boys aged 11 to 18.
- We celebrate the diversity of our students and the communities they come from.
- We support students to achieve their full potential both academically and personally, and in return expect high standards of behaviour and learning.
- We offer a broad, balanced curriculum with a specialism in STEM (Science, Technology, Engineering and Maths). A range of practical and creative subjects, sports and extra-curricular activities are also on offer.
- In many subjects, especially STEM and Computer Science, our students achieve in the top 40% nationally. Over 70% stay on for our Sixth Form and most of our leavers go on to higher education or apprenticeships with top companies.
- Our modern facilities include a sixth form centre, and a sports complex with a gym and fitness suite, indoor pool and dojo.
- Our sports teams compete locally and nationally with great success. The Under-19 table tennis team are national champions and three of our students won medals at the 2020 British Schools' Judo Championships.
